

Peacock Headdress

Instructions

You will need:

- The 2 Peacock Headdress sheets printed onto thin card
- A long strip of thin card/stiff paper to go round your head
- Collage materials, coloured pencils or felt pens
- Scissors
- Glue
- Stapler (ask an adult to help with this)
- Gem stones or sequins to decorate (optional)

What to do:

- Measure the strip of paper around your head, so it fits you. Staple together at the back, to make a hat band.
- Start with the head - decorate and cut it out.
- Put glue all over the back of one of the heads, but stop near the bottom of the neck.
- Press the two heads together, to make a double-sided head which is separate at the bottom of the neck.
- Fold back the glue tabs and apply glue. Fix them onto the hat band to hold the head in place, looking forward.
- Decorate and cut out the tail fan.
- Staple inside the hat band so your head helps support it.
- Strut your stuff like a peacock!
